Unity in Diversity

Objective

This landmark event which will be held in Sabah in the island of Borneo aims to bring reputable authorities in the field of wound care under one roof. The objective is to discuss and collaborate on recent scientific findings in the hope of improving the management of complex and chronic wounds.

Message from the Organising Chairman

My dear friends and fellow partners, over the years, we've travelled far and grown together in knowledge, awareness and passion for wound healing. Once again, we would like to warmly invite you to the North Borneo Wound Conference, to be held on 19th to 21st August 2016, in the idyllic city of Kota Kinabalu, Sabah.

Your presence has always made every conference in the past so much exciting and meaningful, and this year, come and continue the journey with us as we gather new and innovative ways to manage complex and chronic wounds. In the spirit of the conference, "Unity in Diversity", let's challenge ourselves to be better than we were a year ago while keeping the 5Es in wound care close to our hearts:

- Explicit knowledge
- Expertise
- Experience
- Empowerment
- Excellence

Dr. Harikrishna K. R. Nair, 2015

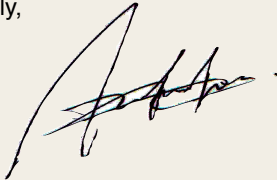

I would like to convey my appreciation to Datuk Dr. S. Subramaniam, Minister of Health for his steadfast belief in ever-improving wound care services in Malaysia.

My deepest gratitude also goes out to Datuk Dr. Noor Hisham bin Abdullah, DG of Health Malaysia, Prof. Datuk Dr. Jeyaindran Tan Sri Sinnadurai and Datuk Dr. Lokman Hakim Bin Sulaiman, Advisors of the Malaysian Society of Wound Care Professionals and the organising committee for their indefatigable support, advice and effort in this great endeavour.

I have great confidence that 2016 will be another exciting and truly fulfilling year. Let's join hands and heal wounds with PASSION.

God bless and thank you.

Yours truly,

Dr. Harikrishna K. R. Nair, SIS, KMN
Founding President and Chairman, North Borneo Wound Conference 2016
